

Emma Harrington **Head, Novartis Country Quality, US**

Emma Harrington is Head of US Country Quality. She is responsible for all US Country Quality aspects providing Quality oversight, support and governance to ensure proactive compliance with Novartis and Health Authority GxP requirements. She is a member of the US Country Leadership Team and Sandoz Executive committee.

Previously Emma served as Site Quality Head for the Sandoz Broomfield, Colorado manufacturing facility, where she was a member of the Site Leadership Team. She also served as Site Quality Head for the Novartis Pharmaceuticals manufacturing facility in Barbera, Spain, and as part of the Quality organization at Alcon Canada.

Before joining Novartis, Emma worked at a consultancy firm Autocal Ireland Ltd. She started her career at Elan Pharmaceuticals.

Emma holds a Bachelor's degree in Biotechnology from Dublin City University, Ireland.
