

## **Patient Assistance** <sup>[1]</sup>

Novartis believes that medicines should be available to all who need them. We have a variety of programs to help support patients and make it easier for them to afford their medicines.

### **Co-Pay Assistance**

If you are a patient with commercial insurance and are finding it difficult to afford your medicines, the Novartis co-pay assistance program may be able to help. Eligible patients pay no more than USD 30 for a 30-day prescription (USD 1 per day) through retail or mail order for the vast majority of our branded and biosimilar products <sup>[2]</sup>, including our cancer portfolio <sup>[3]</sup>.
